BARASTOC HORSE OF THE YEAR SHOW  
EQUESTRIAN VICTORIA

## *International Challenge Competitor List*

*"The Barastoc Horse of the Year committee thanks all those competitors that were eligible for this year's International Challenge for accepting their positions. We are also very honoured and excited to have also had a large majority of people take up the option to request acceptance into the event. We would have loved to take everyone however due to tight time restrictions we could only take a few ponies or horses per section based on the resumes supplied which were all of very high standard. We look forward to seeing you all at Barastoc 2012 and for those that missed this year's opportunity we invite you to submit your resumes for next year for the chance to enter for 2013. Remember the International Challenge for 2012 is embracing the 70's theme so please dress up and don't forget to order your dinner tickets!"*
